Storekeepers, we think are entirely too modest. They serve you and your family falthfully every day. Yet how often do You remember their importance in our life? The merchant is a businessman. He must carry a heavy investment. He must own his building or pay rent for it. There are clerks and salespeople to pay. And a constantly-changing display of food or merchandise of some kind. The merchant must always make you think that "the customer is always right". Which isn't always true. So remember the trials and tribulations of your grocer, cleaner, de-partment-store merchant, et cetera. And give them the fairness they deserve!

> A TRIBUTE TO OUR MERCHANTS

Storekeepers, we think are entirely too modest. They serve you and your family falthfully every day. Yet how often do You remember their importance in our life? The merchant is a businessman. He must carry a heavy investment. He must own his building or pay rent for it. There are clerks and salespeople to pay. And a constantly-changing display of food or merchandise of some kind. The merchant must always make you think that "the customer is always right". Which isn't always true. So remember the trials and tribulations of your grocer, cleaner, de-partment-store merchant, et cetera. And give them the fairness they deserve!

Wear By Friction-Naturalube H. D. has a natural superstrength film that reduces frictional wear and protects vital moving parts. And this high quality oil also contains a special inhibitor that cuts wear of critical parts machined with close tolerances. such as valve-lifters, rocker-arms and camshafts.

Don't let engine deposits rob you of the horsepower you paid for! The high detergent action of new Naturalube H.D. keeps your motor cleaner, restricts the build-up of the octane requirements of new cars. It improves combustion, and actually boosts engine power of older cars as much as 4 octane points! The formulation helps eliminate pre-ignition and helps quiet engine knocks.

Lion Oil scientists—the same team that brought you the amazing gasoline additive, LIONITE-now bring you an Advanced-Formula motor oil, new Naturalube Heavy Duty,

To protect the costly investment you have in your car, new Naturalube I. D. guards against both kinds of wear;

Acid Corrosion Wear-The new formulation developed by Lion's own research staff makes Naturalube H. D. retain its anti-acid character longer than other oils tested. BEST VALUE

Wear By Friction-Naturalube H. D. has a natural superstrength film that reduces frictional wear and protects vital moving parts. And this high quality oil also contains a special inhibitor that cuts wear of critical parts machined with close tolerances. such as valve-lifters, rocker-arms and camshafts.

Don't let engine deposits rob you of the horsepower you paid for! The high detergent action of new Naturalube H.D. keeps your motor cleaner, restricts the build-up of the octane requirements of new cars. It improves combustion, and actually boosts engine power of older cars as much as 4 octane points! The formulation helps eliminate pre-ignition and helps quiet engine knocks.

New Naturalube H. D. helps keep your engine free of harmful carbon, sludge and lacquer deposits, makes sure you have PEAK PERFORM. ANCE and FULL POWER always at your command.
